Desquite — Horse Racing

Lígalo Internacional © 2026

MULTIPLY YOUR PASSION

4-race pool with 1-2-3 scoring.
Select horses across 4 consecutive races
and accumulate points based on finishing position.
The participant with the most points wins the pool!

Race 1

Race 2

Race 3

Race 4

CONFIDENTIAL

1. General Description

- Desquite is a collective pool betting mode within the Lígalo Horse Racing module that spans 4 consecutive races within a race day.
- The objective is to accumulate the most points by selecting horses that finish in the top 3 positions in each of the 4 assigned races.
- It works identically to the Polla 123 pool, with the difference that it uses 4 races instead of 6.
- The participant with the highest score at the end of all 4 races wins the accumulated pool.

2. Scoring System

For each race, points are awarded based on the finishing position of the selected horse:

Finishing Position	Points
1st Place (Winner)	5 points
2nd Place (Place)	2 points
3rd Place (Show)	1 point

- If the selected horse finishes outside the top 3, no points are awarded for that race.
- Points accumulate across all 4 races.

3. How to Bet

1. In the taquilla, select the active race day and find the Desquite module.
2. The system will display the 4 races assigned for the day's Desquite.
3. Select one or more horses per race. Multiple selections per race are allowed.
4. The total cost is calculated as: Base amount x Total combinations.
5. Confirm your bet. The ticket will show all your selections and the total amount.

4. Combination Calculation

- The number of combinations is the product of selections per race.
- Example: If you select 2 horses in Race 1, 1 horse in Race 2, 3 horses in Race 3, and 2 in Race 4, the total combinations are: $2 \times 1 \times 3 \times 2 = 12$ combinations.
- Total cost = Base amount x 12 combinations.
- You must select at least 1 horse per race for the bet to be valid.

5. Pool Distribution

- The pool is formed from the sum of all bets placed on the day's Desquite.
- The winner (or winners) is the participant with the highest accumulated score.
- In case of a tie, the pool is divided equally among the winners.
- If there is no winner (general tie at zero points), the pool may carry over to the next race day at the administration's discretion.

6. Track and Race Selection

- The 4 races for Desquite are configured by the administration for each race day.
- They may be races from any active track (USA, International, or Venezuela).
- Races are presented in order: Race 1, Race 2, Race 3, Race 4.
- Races go through the states: scheduled, open, closed, running, finished.
- Once the last Desquite race is closed, no more bets are accepted.

7. Cancellations and Scratches

- If a selected horse is scratched (withdrawn), the selection is voided and no points are awarded for that race.
- If an entire race is cancelled, that race is removed from the Desquite and scoring is calculated over the remaining races.
- If two or more races are cancelled, the administration may declare the Desquite void and refund all bets.

8. Multi-Currency

- The amount is calculated in USD as the internal base currency.
- Multiple currencies are accepted (VES, COP, DOP, EUR) with automatic conversion.
- The exchange rate used is the one in effect at the time of bet placement.

9. Loyalty Program

- All Desquite bets generate Ligalo Points (LP).
- 1 LP is awarded for every \$1 USD wagered.
- LP accumulate on both wins and losses.
- LP contribute to your VIP level and can be redeemed according to the Loyalty Program rules.

10. General & Important Rules

- All amounts are handled in US dollars (USD) as the base currency. Multiple currencies are accepted with automatic conversion.
- Multiple accounts are not allowed. The platform reserves the right to cancel suspicious bets.
- Users under 18 years of age are not authorized to participate in real-money games.
- Lígalo Online reserves the right to modify these rules at any time. Changes will be notified to users.
- In case of any dispute, the decision of the Lígalo Internacional administration is final.
