MULTIPLICA TU PASIÓN

## 1. Overview

---

The Winner bet is the simplest horse racing bet: you must select the horse that will cross the finish line first. If your horse wins the race, you collect the corresponding dividend.

## 2. How to Bet

---

- Select the racetrack and race you want to bet on.
- In the "Winner" module, review the list of participating horses with their odds.
- Select a single horse as the winner.
- Enter the amount you want to wager and confirm.
- You will receive a ticket with the details of your bet.

## 3. Racetracks & Races

---

Lígalo En Línea offers races from over 40 racetracks across the United States, international venues, and Latin America.

- USA & International Tracks: Entries, live odds, and results are continuously updated.
- Latin American Tracks: Managed by the Lígalo team.
- Races open for betting according to the track schedule.
- Betting closes automatically 2 minutes before post time.
- Once a race is closed, no more bets are accepted until results are published.

## 4. Bet Rules

---

- You must select exactly one horse per race.
- The selected horse must finish in first place for the bet to win.
- If the selected horse is scratched before the race, the bet is automatically refunded.
- If the race is canceled, all bets for that race are refunded.
- Odds may change until betting closes. The final dividend is determined by official results.

## 5. Payouts & Dividends

---

Payouts are calculated with the following formula:

**Payout = (Amount Wagered / Factor) × Adjusted Dividend**

- USA & International Tracks: Factor = 2
- Latin American Tracks: Factor = 100

Winnings are automatically credited to the user's balance when official results are published.

The raw dividend is adjusted according to official platform ranges. See the Dividends & Incentives Rules for full tables.
