MULTIPLICA TU PASIÓN

## 1. Overview

---

The Trifecta is an exotic bet where you must select the first three horses to cross the finish line in exact order. It's a high-difficulty bet with potentially very high payouts.

## 2. How to Bet

---

- Select the racetrack and race.
- In the "Trifecta" module, select horses for 1st, 2nd, and 3rd place.
- You can place Box bets (all permutations) or Key bets (one horse fixed).
- Enter the base amount and confirm.

## 3. Racetracks & Races

---

Lígalo En Línea offers races from over 40 racetracks across the United States, international venues, and Latin America.

- USA & International Tracks: Entries, live odds, and results are continuously updated.
- Latin American Tracks: Managed by the Lígalo team.
- Races open for betting according to the track schedule.
- Betting closes automatically 2 minutes before post time.
- Once a race is closed, no more bets are accepted until results are published.

## 4. Bet Types

---

### Trifecta Straight:

- Select one horse for each position (1st, 2nd, 3rd) in exact order.

### Trifecta Box:

- Select 3 or more horses. Covers all possible permutations.
- Cost = base amount × number of permutations.
- Example: Box of 4 horses = 24 combinations.

### Trifecta Key:

- One horse fixed in a position, others in the remaining positions.
- Reduces cost compared to a full Box.

## 5. Bet Rules

---

- The three selected horses must finish in the exact order specified.
- Minimum 3 horses selected.
- If a selected horse is scratched, combinations including it are refunded.

## 6. Payouts & Dividends

---

Payouts are calculated with the following formula:

**Payout = (Amount Wagered / Factor) × Adjusted Dividend**

- USA & International Tracks: Factor = 2
- Latin American Tracks: Factor = 100

Winnings are automatically credited to the user's balance when official results are published.

The raw dividend is adjusted according to official platform ranges. See the Dividends & Incentives Rules for full tables.
